EDUCATION

PUCIT-PUNJAB UNIVERSITY

BS INFORMATION TECHNOLOGY

Graduated | Lahore, Pakistan

ILM COLLEGE

INTERMEDIATE IN COMPUTER SCIENCE

June 2020 | Lahore, Pakistan

Major GPA Grade: A+

SKILLS

PROGRAMMING

Expertise

- ReactJs
- NextJS
- Javascript
- FrontEnd Development
- Git
- RESTful API
- Redux (State Management)
- Tailwindcss
- HTML5
- Figma
- Agile Development
- UI Layouts (CSS GRID, SASS)
- Cross-Browser Compatibility
- WCAG Standards

Confident

- Material UI
- User Experience
- Website Design
- Web App development
- MySQL
- Vercel Deployment

Knowledgeable

- MongoDB

SOFT SKILLS

- Strong communication
- Cross-Functional Collaboration
- Problem Solving and Troubleshooting in Fast-Paced Environments
- Quick Learner
- Time Management
- Hardworking

PROFILE SUMMARY

Front-End Developer with 2+ years of experience developing scalable and high-performance web applications using React.js and Next.js. Proficient in collaborating with design teams to translate UI/UX wireframes into responsive and accessible code. Skilled in troubleshooting, debugging, and enhancing application performance to meet cross-browser and cross-device standards.

PROFESSIONAL EXPERIENCE

TECHTICS.AI | SOFTWARE ENGINEER

April 2024-ongoing | Lahore, Pakistan

- Led the development of a React.js project with AI-driven features, reducing candidate shortlisting time by 50% and enhancing hiring efficiency.
- Led the development of user-facing features in React.js, integrating AI-driven functionalities and ensuring a user-friendly experience. This improved hiring efficiency by enhancing user data visualization.
- Actively participated in code reviews to maintain high-quality standards, ensuring consistency and adherence to best practices in front-end development.
- Automated the business registration process for users in Dubai by developing a React.js project, which included a dedicated chatbot for user assistance, reducing manual workload by 70% and ensuring a seamless registration experience.
- Developed a customizable chatbot wrapper integrated into a CDN, allowing seamless API replacements and easy embedding in platforms like WordPress and React apps, enhancing user support and engagement across multiple sites.

COGNIFYZ TECHNOLOGIES | INTERNSHIP

Jan 2024 - Mar 2024 | Lahore, Pakistan

- Built and optimized mobile-first, responsive websites using HTML, CSS, and JavaScript, improving cross-browser compatibility and enhancing user experience across devices.
- Developed responsive, mobile-first websites based on user-centric design concepts, enhancing user engagement and increasing client retention.

PERSONAL PROJECTS

MATH GENIE | FINAL YEAR PROJECT

- Built Math Genie, an AI-powered problem-solving web application designed to assist students in solving complex math problems efficiently. Developed using the MERN stack, Math Genie leverages responsive design for seamless usability across devices. Integrated advanced AI algorithms for precise and instant problem-solving, optimized database queries for faster processing, and a user-friendly interface to enhance the overall learning experience.
